

**8 WEEKS. VIRTUAL.  
FOCUSED. TRANSFORMATIONAL.**

# AHEAD OF THE CURVE

- Stop wasting time, energy and money on change that doesn't produce results
- Future-proof your career, your team, and your organization
- Execute today's priorities and build for the future without feeling like you don't have time for both
- Stop the reactivity that causes costly mistakes, rework and delays
- Create more engaged, agile and resilient leaders and teams that thrive in any environment

Ahead of the Curve is a vigorous, engaging program for senior leaders who are dedicated to agile, proactive organizations. The 8-week, virtual program is not training. It's a high-touch, pragmatic, group mentoring program for no more than 20 highly motivated leaders. We have both public and single-organization options that can be customized to suit your specific business strategy, culture and development needs.

## WHAT YOU GET:

Transformative strategies and a roadmap to create the outcomes you need.

## WHAT YOU WILL DO:

- **Better understand** what is really behind your and your team's change abilities and challenges
- **Create a plan** and take action that shifts your team's thinking and behavior
- **Gain an agility advantage** over your competition

## WHAT YOU WILL CREATE:

- Leaders, teams and an organization that thrives in any environment.
- Flexible leadership to help you stay agile and competitive
- Direction, alignment and commitment from your organization

## HOW IT WORKS:

- Weekly 90-minute video conference sessions
- Application work between sessions
- Self-assessment to better understand your change leader strengths and challenges
- Opportunities for 1-1 meetings with the group leader
- Private group channel for between-session feedback and collaboration

## SESSIONS:

- The Change Agile Mindset
- Communicate for engagement and impact
- Profile of an agile leader
- Build partnerships that get change done
- Engage your leaders and teams
- Integrate agility
- Unleash your teams change-agility
- Bringing it all together
